To the Board of Directors of
Vincent Investment Company, Inc.
Omaha, Nebraska

We have audited the accompanying statements of financial condition of Vincent Investment Company, Inc. as of December 31, 2001 and 2000, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Vincent Investment Company, Inc. as of December 31, 2001 and 2000, and the results of their operations and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

The Company did not present the related statements of income and retained earnings, changes in stockholders' equity and cash flows for the year ended December 31, 2001 and 2000. Presentation of these statements are required by accounting principles generally accepted in the United States.

In our opinion, except that the omission of the related statements of income and retained earnings, changes in stockholders' equity and cash flows results in an incomplete presentation as explained in the preceding paragraph, the financial statement referred to above present fairly, in all material respects, the financial position of Vincent Investment Company, Inc. as of December 31, 2001 and 2000, in conformity with accounting principles generally accepted in the United States.

Respectfully Submitted,

W. E. Schneiderman & associates, P. C.
